- 5.2 Officers undertaking enforcement duties will be suitably trained and qualified to ensure they are fully competent to undertake their enforcement activities. Qualifications will be based on current government guidance. Appropriate training programmes for officers will be set up to achieve the necessary competence. The training requirements to achieve the necessary level of competence will be regularly reviewed by the Group Managers. Training will be prioritised within available resources.

8. ENFORCEMENT OPTIONS

Enforcement decisions will be consistent, balanced, fair and relate to common standards that ensure the public, businesses, employees and the environment are adequately protected.
- 8.2 In order to achieve and maintain consistency of enforcement, officers will follow all official guidance and codes of practice.
- 8.3 In the areas of food safety the Home Authority Principle set up by LACORS will be adhered to and in the area of health and safety the Lead Authority Principle shall be adhered to. Where applicable, the comments of the home, lead or originating authorities shall be considered.
- 8.4 The factors to be considered in coming to a decision include:
 - (a) The seriousness of the offence and health and safety implications;

 - (h) The different technical means of remedying the situation;
 - (i) The impact of the enforcement choice in encouraging others to comply with the law.
 - (j) The expediency of initiating enforcement action.
- 8.5 In the event of a contravention being detected then the enforcement options available to the Council include:
 - (a) Advice;
 - (b) Issue of an inspection report with details of recommended actions;

- 8.7 If enforcement action is being considered which the Council believes may be inconsistent with that adopted by other authorities or with nationally recognised guidance, or when the Council is informed of a possible inconsistency, the matter will, if appropriate, be referred to the relevant local co-ordinating body or the home authority. However, where circumstances could result in a serious risk to health, officers may continue to take enforcement action prior to any referrals.

9. STATUTORY NOTICES

- 9.1 The statutory notice procedures will in general be

- 10.7 In considering whether to administer a formal caution the following criteria must be met:
- (a) There must be evidence of the offender's guilt sufficient to give a realistic prospect of conviction. In other words a conviction should be more likely than an acquittal before a court of law,
 - (b) The offender must admit the offence, and
 - (c) The offender must be an adult and must understand the significance of a caution and give informed consent to being cautioned. This agreement will not be sought until it is decided that cautioning is the correct course of action.
- 10.8 In deciding whether to caution or prosecute the following factors must be taken into consideration:
- (a) The nature and seriousness of the offence;
 - (b) The likely penalty if the offender was convicted by a court;
 - (c) The offender's age and state of health;
 - (d) The offender's previous criminal history;
 - (e) The offender's attitude towards the offence;
 - (f) The views of the victim or any aggrieved party;
 - (g) Whether compensation has been paid.
- 10.9 If a prosecution is deemed not to be required in the public interest it will often be appropriate to take no further action (other than to give advice) and this course will always be considered. However, the nature of the offence and other factors may make it more desirable to issue a caution.
- 10.10 If an offender refuses to accept a formal caution, the delegated officer will reconsider the evidence and decide whether or not a prosecution should be instituted in line with the Council's Constitution.

11. PROSECUTION

- 11.1 The Council recognises that the decision to prosecute is significant and could have

prosecution for health and safety breaches. In all cases, the work-related deaths protocol for liaison signed by the appropriate agencies will be followed.

- 11.14 On completion of prosecution cases, officers must inform other interested parties of the outcome of the case as necessary. In particular, any complainants or victims will be informed. The outcome of the case will be reviewed with the relevant Group Manager to discuss any necessary future action.

12. COMPLAINTS AGAINST THE SERVICES

- 12.1 If any person is unhappy with the action taken or information or advice given by officers of the Council or believe they have not received fair or consistent treatment as outlined in this policy, they will be given the opportunity to discuss the matter with the appropriate Heads of the Services. Officers approached with such a request will refer them to their Group Manager, who will listen to their complaints, consider whether the enforcement policy has been breached in this instance and give a reply in writing. This is without prejudice to any formal appeal mechanism. If the problem cannot be resolved, the person will be informed of the Council's complaints procedure.
